See H55-60 William has produced a very good budget & is to be congratulated. It is a very great change from the time a few years ago, when the budget did not represent actual facts, & when it was extremely difficult to see what was happening.

Not put up.

The estimates have been prepared in accordance with the instructions issued by the Resident from time to time.

5

A summary of the revised estimates for 1938-39 is given on pages 4 and 5 of the budget. The figures in columns 3 and 14 represent the estimated receipts (ordinary and capital) and those in columns 2 and 13 represent the estimated expenditure (ordinary and capital). A similar summary in respect of the budget estimates for 1939-40 is given on pages 2 and 3 of the budget.

Details of the estimates are given on pages 6 to 53 and in the Appendix. Explanations for large variations in the budget for 1939-40 as compared with that for 1938-39 are given in the budget notes prepared by the Commission and attached to the budget.

7 The Surplus Account for 1938-39 and 1939-40 and details of the expenditure incurred in 1938-39 and proposed to be incurred in 1939-40 out of the Surplus Account will be found at pages 55 - 58.

A statement of new works included in the budget for 1939-40 is at page 59.

9 An account of the Rent from Settlements is given on page 60. The Sanitary Grant Account is at page 54.

10 A statement showing the general budget position of the Commission for 1939-40 as compared with that for 1938-39 is prepared and submitted.

11 The Surplus Account stands thus:-

Opening Balance on 1-4-1938.	Rs.	1,43,569
<u>Add</u> Surplus for 1938-39:		
Total Receipts.	12,04,983	
" Expenditure.	<u>11,85,469</u>

<u>Deduct</u> Expenditure proposed to be met out of the Surplus during 1939-40.		- 31,916

Closing Balance on 31-3-1940.	..	1,43,831

The ~~net~~ balance in the Government Grant Account (which is merged in the above account) on 31-3-1940 is Rs. 4,525/-. Deducting this amount, the net surplus of the Commission on 31-3-1940 will be Rs. 1,39,306/- which is in excess of the minimum reserve of Rs. 75,000/- by Rs. 64,306/-. The financial position of the Commission must therefore be regarded as quite satisfactory.

The detailed estimates have been examined and the following remarks are offered.

A. Management - Pages 6 - 7.

There are no appreciable variations.

B. Communications: Pages 8 - 15.

Page 8. The grant of Rs.4,000/- for the maintenance of Suburban Roads met out of the Sanitary Grant has been diverted for Anti-malarial work and no provision has therefore been made under this head in the budget for 1939-40. Expenditure on Suburban Roads will be met from Municipal Funds.

The net reduction under 'B. Communications - Ordinary' in the estimates for 1939-40 as compared with the revised estimates for 1938-39 is about Rs.6,000/-. There is a reduction of about Rs.4,500/- under Capital expenditure also, due to less provision for acquisition of land and original works.

C. Education - Pages 16 - 17.

18

Under ordinary expenditure, there is an increase of about Rs.10,300 in the budget for 1939-40, as compared with 1938-39, as shown below:-

Salaries and Allowances.	+ 3,600	on account of opening of new schools and increments.

25 Pages 30 - 33: Water Supply account. Please see portion marked 'A' on pages 4 - 5 of the Commission's budget notes. It has been decided that the rate charged by Mysore Government is to continue.

26 The Commission is considering a proposal to improve the water supply to Fraser Town, Cox Town and Cooke Town at an estimated cost of Rs.82,000/-. This will be examined separately.

27 Page 36 - Drainage. The provision in 1939-40 is Rs.25,000/- as against Rs.15,000/- in 1938-39. It is stated that the provision for 1939-40 includes a sum of Rs.6,358/- for laying a pipe drain along Richmond Road sanctioned by the Commission in December 1938.

28 Page 49 - Endowments and Contributions Account - Maintenance of Girls Schools. The revised estimate for 1938-39 is shown as Rs.16,650/-. The actual amount paid by Government was however only Rs.14,217/-

29 Page 51 - Government Grants Account - Grant for maintenance of schools. The revised estimate for 1938-39 is shown as Rs.34,488/-. The actual grant paid by Government was however only Rs.30,473/-

The surplus will therefore be reduced by Rs.6,448/-.

during 1939-40. Please see the 7 items on page 58.

Item 7 has since been sanctioned by the Resident. Items
 2, 3, 5 and 6 cost more than Rs.2,000/- each and therefore
 require the sanction of the Resident. This will be
 applied for later - vide para 2 of p.u.c. In connection
 with the question of improving the water supply to
 Fraser Town etc., the P.M.C. has stated that some of
 these works may have to be postponed. Their inclusion
 in the budget may however be approved. It is stated
 that the works are all of an urgent nature.

Page 59 - New Works. The total provision is only
 Rs.1,469/- and may be approved.

Page 60 - Rents from Settlements. It is proposed
 to spend Rs.57,653/- during 1939-40 for constructing
 Model Houses on Borebank Road. This is part of the
 general scheme for constructing nine blocks of houses
 in Baiderhally which has already been approved by the
 Resident. The Commission have been asked to submit
 detailed estimates and plans for the Resident's approval.
 The balance at the end of 1939-40 is estimated at
 Rs.53,209/-.

The budget may be approved and the variations
 indicated in paras 28-32 ante pointed out to the P.M.C.

Para 15. Provision for expenditure on Suburban roads should have been made by appropriation from revenue and not omitted altogether. If the usual provision of Rs.4000/- is made the surplus will be reduced by this amount.

38

Paras 28-30. The Government grants for maintenance of schools were reduced for two reasons viz.

- (i) On account of probable saving in expenditure
- (ii) On account of grant paid in excess of the actual expenditure during the year
1937-38 ... Rs.3,036/-

The latter figure only will go to reduce the surplus in the Government Grant account and not Rs.6,448/-.

39

Para 32. A sum of Rs.24,000/- is outstanding under 'advances' representing the cost of meters intended to be met from the accumulated Reserve Deposit Fund transferred by the Military to the Municipality. As the transfer of the Fund was completed in 1937-38 it has been suggested in the audit report for 1937-38 that the amount outstanding under 'advances' should be finally charged to Municipal revenues. This will accordingly have to be provided for under "Purchase of meters" and the surplus will be reduced by this amount.

40

Taking into account the modifications noted above and that in para 31 the surplus at the end of 1939-40 will stand as follows:-

Surplus as shown by Municipal Commission 1,39,306

Deduct (i) Expenditure to be provided for Suburban Roads.	4,000	
(ii) Amount required for adjustment of outstandings under 'Advances' towards purchase of meters.	24,000

The best thing is to send file to P.M.C. u/o for his remarks. This will save explanations in correspondence

H. R. Nagarajan

13/4/39

The President, Municipal Commission, u/o.
R.Dis.F.No.194-39, dated the 15th April 1939.

The following are the explanations on the points raised in the above review of the budget :-

Para 12. The balance in the Government grant account, namely, Rs.4,525/- is not merged in the Municipal Surplus Account. It is kept separate, vide page 3 of the budget estimates for 1939-40. This amount should not therefore be deducted from the surplus account as suggested.

The Municipal surplus as worked out in para 12 is however correct.

Para 28. The actual amount paid by Government is Rs.14,217/- and not Rs.16,650/- as estimated in our budget. The reduced grant was on account of saving in expenditure of Government grant and will not affect the Municipal balance.

The Auditor has pointed this out in para 38 of the Residency note.

Para 29. The statement in the note is correct but the reduction in grant will only reduce the balance in Government grant account and not the Municipal balance.

Para 30. The Municipal surplus will not be reduced. Please see para 38 of Auditor's note. The amount is Rs.3,02 and the reduction will be in the Government grant account.

The ^{points raised} ~~points~~ in the Residency office note paras 28, 29 and 30 have been answered by the Auditor in para 38.

Para 31. The sum of Rs.12,111/- received from Road Fund was on account of the expenditure incurred during 1937-38. The provision of Rs.2,938/- is in respect of the balance of the grant due for that year for which an estimate has been submitted in this office letter No.Gt.10 of 1937 dated the 31st August, 1938. This balance plus Rs.15,000/- (Rs.17,938) is entered in the revised estimate for 1938-39 and Rs.15,000/- for 1939-40. These are amounts which we can expect and should not be altered. If these are not paid, the works will not be carried out. The Municipal surplus will not be affected.

The excess of Rs.49/- is proposed to be met from savings.

Not put up to City or another Committee.

Para 32. As explained above the surplus account will not be affected.

51

Para 37. The S.R.'s presumption is correct. Provision for suburban roads has been included in the general road maintenance provision, which is Rs.3,000/- more than last year. The only reason for showing separate provision\$ in the past was the fact that the suburban road grant came from the Government grant. Now that that grant has been diverted to malaria work it is no longer necessary to provide separately for suburban roads.

52

Para 39. There is a sum of Rs.24,008/- which is outstanding in the advance account on account of the purchase of meters during 1933-34 to be adjusted. This was intended to be adjusted from the balance of the accumulated Reserve Deposit Fund which was due from the Military, but when the amount was actually received it was treated as a receipt for balancing the water supply account for 1937-38 in accordance with the instructions contained in the S.R.'s letter No.F.578-36/R.O.I dated the 16th November, 1936. The adjustment suggested is necessary but has hitherto been overlooked. It was pointed out for the first time by the Auditor in March, after the budget for 1939-40 had been prepared and forwarded to the Hon'ble the Resident. I suggest that the Budget should not now be altered but that the adjustment should be carried out next year. I may say that the amount is offset in actual fact because the final accounts for 1938-39 suggest that the surplus for that year will be some Rs.20,000/- more than anticipated.

* Not put up

53

Para 40. As explained above no reduction is necessary.

54

Para 41. I see no occasion for explanation. However, the increased expenditure in 1938-39 was ^{due to} the defects in the wiring in Russell Market, which have since been detected and rectified.

Para 43. Separate pro forma accounts are maintained for the Government Grants and the figures of receipts, expenditure and balance from the above grants are shown separately in the budget. The balance of the Government Grant is not merged

in the Municipal Surplus account which shows only Municipal funds. The surplus account will not therefore be affected.

Para 43 ante.

The Government Grant Account is kept separate; but for the purpose of arriving at the opening and closing balances of the Commission, the balance in the Government Grant Account was added, as usual, to the Municipal Surplus - vide statement at L and paras 10 and 11 of notes. The net surplus as worked out by office in para 12, viz., Rs.1,39,306/- does not however include the balance in the Government Grant Account, and it will not therefore be affected by variations in Government grants.

57
Para 49 ante.

The amount due to the C. & M. Station from the Road Fund in respect of the revenue up to 1936-37 was paid to the Commission in March 1938.

The share in respect of the revenue for 1937-38, which in the ordinary course would have become payable only at the end of 1938-39, was ordered to be paid in advance in the beginning of 1938-39 (April 1938), as a special case. Out of the advance payment of Rs.15,000/- thus sanctioned, a sum of Rs.12,111/- was actually paid to the Commission in 1938-39 for works already carried out; the balance of Rs.2,889/- still remains to be paid.

The next allotment will be in respect of the revenue for the year 1938-39, which in the ordinary course, will become payable at the end of 1939-40, that is, by March 1940.

The actual payments which the Commission has already received or may receive during the two years 1938-39 and 1939-40 will therefore be Rs.30,000/- only, as shown below:-

<u>1938-39.</u>	Rs.12,111/-	: Already paid out of Rs.15,000 due for 1938-39 (in respect of revenue for 1937-38).
<u>1939-40.</u>	Rs. 2,889/-	: Balance due for 1938-39.
	Rs.15,000/-	: Due in 1939-40 (38-39 revenue)
	Rs.30,000/-	: Total.

It appears however that the Commission accounts for these moneys in a different way. Receipts in a particular year are not credited to the accounts of that year, but to the accounts of the year in which expenditure on works relating to the grant was actually incurred. Thus, the sum of Rs.12,111/- which was paid to the Commission in 1938-39 (on the authority of works vouchers to that extent) was credited by the Commission not in the accounts for 1938-39, but in the accounts for 1937-38 in which year the expenditure of Rs.12,111/- was actually incurred. Similarly, the balance of Rs.2,889/- out of the grant due for 1938-39, when received, will be credited, not in the accounts of the year in which it will be received, but in the accounts of 1938-39 when the work on the authority of which it is proposed to be drawn, was actually executed. In 1938-39, the Commission has budgetted for a further expenditure of Rs.15,000/- out of the Road Development Grant and have therefore taken credit for a similar sum on the receipt side. In 1939-40 also, a sum of Rs.15,000/- has been shown both on the expenditure and receipt sides of the budget. The total credits during 1938-39 and 1939-40, according to the Commission's accounts, will therefore be Rs.32,289/- as shown below:-

<u>1938-39.</u>	Rs. 2,889/-	:	Arrears.
	15,000/-	:	Grant due for 1938-39.
<u>1939-40.</u>	<u>15,000/-</u>	:	-do- 1939-40.
	<u>32,889/-</u>		

The Commission has actually taken Rs.32,938/- into
This is a mistake;
account, but the difference - Rs.49/- - is negligible.

The works for which provision has been included in 1938-39 and 1939-40 may not actually be carried out in the respective years; but the reduction in expenditure will not affect the balance in the Government Grant Account, as the anticipated credits will also be correspondingly reduced.

In

In this view, the Commission's figures under Road Development Grant may be accepted.

Para 52 ante.

58 The P.M.C. suggests that the adjustment (which should have been made in 1937-38) may be postponed for another year, that is till 1940-41. The effect of this will be that the budget for 1939-40 will be showing a false surplus, Rs.24,000/- more than the actuals. This seems irregular; and now that the mistake has been found out, it seems that it should be set right at once. If approved, P.M.C. may be asked to carry out the adjustment in the accounts for 1939-40 and to correct the budget accordingly.

59 For orders whether the budget may be approved, subject to the surplus being corrected as suggested above.

11.5.39.

~~F.A.~~

Para 57.

60 The Budget of a year is intended to show the amounts expected to be received and spent in the year and it is not correct to include therein amounts expected to be received in another year. Last year also the Municipal originally included in the Revised Estimate for 37-38 and Budget Estimate for 38-39 the grants from Road Fund expected to be received in 38-39 and 39-40 respectively and a correction was made subsequently, omitting the provision of Rs.15,000/- entered in R.E. of 37-38. The receipts from Road Fund in R.E. for 38-39 and B.E. for 39-40 should accordingly be Rs.12,111 and Rs.17,889 (15,000 + 2,889) respectively (against Rs.17,938 & Rs.15,000 as shown). These alterations will reduce the surplus at the end of 39-40 by Rs.2,938/-.

(A)

The sum of Rs.2,938/- shown on the expenditure side in R.E. of 38-39 should also be omitted and included in the column B.E. 39-40 as the work for which it is provided is to be carried out only in the current year on receipt of sanction. vide para 31.

OFFICE OF THE HON'BLE THE RESIDENT IN MYSORE, BANGALORE. 9 MAR. 1939 Diary No. 2462 File No.

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

Not put up.

With reference to Rules 6 (1) and 10 of the Budget Rules as amended by the Hon'ble the Resident's notification No. 17 dated the 11th February 1931 and in accordance with the directions contained in Residency letter No. F.569-37/R.O.II, dated the 12th June 1937 in connection with the Budget estimates of 1937 - 38 and also the instructions issued in the Hon'ble the Resident's notification No. 68 dated the 2nd June 1938 in amendment of the Budget Rules, I have the honour to submit 3 printed copies of the Budget estimates of the Bangalore, Civil and Military Station Municipality for the year 1939 - 40 together with the Appendices and the Revised estimates for 1938 - 39 as approved by the Municipal Commission at their Special Meeting held on the 3rd March 1939 together with a copy of the note on the Budget and a copy of the Municipal Commission's resolution No. 1 dated the 3rd March 1939 approving of the Budget and the Revised estimates.

of Budget.

2. As regards the total provision of Rs. 31,916/- for expenditure against the Surplus Account, I would point out that all that is sought now is the Hon'ble the Resident's sanction to the budgetary provisions as part of the budget proposals. Where the administrative sanction of the Hon'ble the Resident is required e.g., for works costing more than Rs. 2,000/-, that sanction will be applied for in due course in the ordinary way. It may be mentioned

in

in this connection that the question is under examination of improving the water supply to the outlying suburbs of Cooke Town, Cox Town and Fraser Town, and if these proposals mature the whole balance in the Surplus Account above the minimum reserve may be required.

I have the honour to be,
Sir,
Your most obedient servant,

The Budget and the Revised Budget have been prepared in accordance with the directions contained in letter No. F. 569-37/R. O. 11 dated 12th June, 1937, of the Secretary to the Hon'ble the Resident in Mysore in connection with the Budget Estimates of 1937-38 and also the instructions issued in the Hon'ble the Resident's Notification No. 68, dated 2nd June, 1938, in amendment of the Budget Rules.

2. The following is a detailed review of the noticeable variations under the several heads.

The small increases under "Salaries and allowances" are due to increments.

1.—A. MANAGEMENT—ORDINARY—PAGE 6—CONTINGENCIES ETC.

The increased provision under "Postage" in the Budget for 1939-40 is for voting post cards as the General Elections come off next year.

The provision under "Law Charges" has been slightly increased owing to increased demands under this head.

1.—B. COMMUNICATIONS—ORDINARY—PAGE 8—OTHER ITEMS.

The additional provision of Rs. 950 against this item in the Budget for 1939-40 is for purchasing the maps of the Bazaar areas in accordance with Municipal Commission's resolution No. 17 dated 21st December, 1938.

B. COMMUNICATIONS—ORDINARY—2. ROADS—(2) SUBURBAN ROADS.

The usual provision of Rs. 4,000 made under this head for the Sanitary Grant has been transferred to "Anti-malarial" in accordance with the Secretary to the Hon'ble the Resident's letter No. F. 267/38/R. O. 11 dated 29th July, 1938.

B. COMMUNICATIONS—ORDINARY—OTHER ROADS— (CANTONMENT ROADS).

(a) Maintenance—A sum of Rs. 58,000 has been provided under this head against Rs. 55,000 in the Revised Budget Estimates. Of this Rs. 43,000 comes from Municipal funds and the balance of Rs. 15,000 from the Road Development fund.

B. COMMUNICATIONS—ORDINARY—PAGE 12-5. LIGHTING "ROYALTY".

The increased provision of Rs. 1,000 under this head in the Budget for the next year is to meet the charges for additional lights that may be put up during the next year.

1.—C. EDUCATION—ORDINARY—PAGE 16—(i) STAFF. SALARIES AND ALLOWANCES.

The large increase in the Budget figure for 1939-40 is due to the opening of new schools in the current year for which full provision has been made for the next year in addition to the usual annual increment. The provision in the Revised Budget has been reduced on the basis of the actuals for eight months.

A sum of Rs. 2,200 has also been provided for taking up the Rathan Singh Free School in the next year.

The allotment under "Medical inspection of Schools" has been increased to Rs. 2,500 with a view to carry on that work on a more satisfactory basis. As the Government could not find its way to help us with an additional grant, the extra amount should be met from the Municipal funds.

1.—C. EDUCATION—ORDINARY—(5) CONTRIBUTIONS TO ORPHANAGES AND OTHER INSTITUTIONS.

The large amount under this head in the Budget column for 1939-40 is due to the transfer to this head of the sum of Rs. 4,100 shown under "1-D. Public Health Ordinary (5) Contribution to private "Institutions" at page 18 of the Budget.

1.—D. PUBLIC HEALTH—GENERAL—ORDINARY—HOSPITALS AND DISPENSARIES—PAGE 18.

(2) (a) Contingencies—Medicines—The Residency Surgeon has effected a saving of Rs. 2,200 under this head in the Revised Budget Estimate, that is, he has reduced the provision for medicines in the Revised Budget Estimate from Rs. 13,700 to Rs. 11,500.

1—D. PUBLIC HEALTH—GENERAL—(5) CONTRIBUTIONS TO PRIVATE INSTITUTIONS.

The omission of Rs. 4,100 in the Budget column is due to the transfer of the amount to "1-C. Education" as already stated above.

1—D. PUBLIC HEALTH—GENERAL—ORDINARY—PAGE 20—SMALL POX—OTHER VACCINES.

The provision in the Budget has been increased to Rs. 3,000 against Rs. 1,950 in the Budget Estimate of last year. The additional amount is for meeting the increased demands for Anti-Typhoid, Anti-Diphtheria and Cholera vaccines.

1—D. PUBLIC HEALTH—ORDINARY—PAGE 22—(3) MALARIA.

(M) The increased provision under "Staff" and other heads is for the additional staff etc., for carrying out intensive anti-malarial work. The extra cost involved has been provided from the sum of Rs. 4,000 transferred to this head by omitting the usual provision of Rs. 4,000 out of the grant for "Suburban Roads" in accordance with the sanction contained in the Secretary to the Hon'ble the Resident's letter No. F. 267-38-R. O, 11 dated the 9th July, 1938.

**1—D. PUBLIC HEALTH—ORDINARY—PAGE 24—PUBLIC CONSERVANCY
(b) CONTINGENCIES AND EQUIPMENT RENEWALS—SILT CARTS.**

The Provision under this head has been increased to Rs. 3,534 from Rs. 2,046. The additional amount is for providing eight more additional carts at Rs. 15-8-0 each, the necessity for which is being keenly felt.

1—D. PUBLIC HEALTH—ORDINARY—REMOVAL OF NIGHT SOIL—SEWAGE AND URINE.

There is a decrease of Rs. 900 under this head which represents the amount payable by the Municipal Commission. This is the actual bid amount at the auction. The figure is pending confirmation by the Municipal Commission.

1—D. PUBLIC HEALTH—ORDINARY—PAGE 25—SALE OF RUBBISH ETC.

Here also there is an increase of Rs. 575 owing to higher bids at the auction. The figures are pending confirmation by the Municipal Commission.

1—D. PUBLIC HEALTH—ORDINARY—PAGE 26—(3) LABORATORY.

The increased provisions under this head are due to the additional posts of Food Inspector, Analyst and Staff. A sum of Rs. 1,108 has been added in the Budget for 1939-40 to continue the Special Staff for seizure of articles during the next year.

1—D. PUBLIC HEALTH—ORDINARY—PAGE 28—8. BAND PERFORMANCES.

A new head has been opened and the cost of Band Performances and Indian Music hitherto shown under "11-Remunerative Enterprises Account—C. Tree planting etc." at page 42 of the Budget has been transferred to this head as this is considered to be the most suitable head under which the expenditure should occur.

1—D. PUBLIC HEALTH—ORDINARY—PAGE 30

A The large provisions in the Revised Budget Estimate for the current year and the Budget for 1939-40 against the head 'payment to Mysore Government' are due to the excess consumption of water over the guaranteed minimum during the current year and the probable consumption during the next year on the basis of the actuals of the current year.

I-D. PUBLIC HEALTH—ORDINARY—PAGE 31.

The increases under the head "Collection for excess water" and for "Water Supply to the Military" are based on the actuals. The increase of Rs. 2,000 against "Entertainment Tax" in the Revised Budget Estimate is also based on actuals.

According to the figures in the Revised Budget Estimate for the current year there is a surplus of Rs. 9,706 under water supply which has been transferred to the Revenue Account. But for the capital receipt of Rs. 27,000 by sale of pipes to the Mysore Government, there would have been a deficit of Rs. 17,294.

In the case of the Budget Estimates for 1939-40 the deficit comes to Rs. 15,015 only.

This shows that the water supply account is very nearly equalising and that with a slight reduction in the rate of water charged by the Mysore Government, it will be possible to balance our water budget and even increase the free allowance a little.

I-D. PUBLIC HEALTH—CAPITAL—Page 34.

2. Equipment (purchase of carts). The provision in the Budget for 1939-40 against this head has been increased by Rs. 1,000 with a view to provide for a few additional carts, the necessity for which is keenly felt.

I-D. PUBLIC HEALTH—CAPITAL—Page 36—DRAINAGE—
(1) SEWAGE SCHEME.

The provision in the Budget for 1939-40 has been increased to Rs. 25,000 against Rs. 15,000 in the Revised Budget Estimates of the current year. This provision includes a sum of Rs. 6,358 for laying a pipe drain along Richmond Road sanctioned in the Municipal Commission's Resolution No. 13 dated 21st December, 1938.

11. REMUNERATIVE ENTERPRISES ACCOUNT—B. MARKETS, ETC.,
ORDINARY—PAGE 38—1. MARKETS—(1) STAFF—
PAY AND ALLOWANCES.

The provision in the Budget for 1939-40 includes the pay of one peon who has been transferred from the cycle stand to the wholesale vegetable yard where his services are required. A peon is not necessary at the cycle stand now since it has been leased out to a contractor.

PAGE 39—1. MARKET—(1) (a) MARKET FEES.

There is a slight decrease under this head owing to the fall in the bids at the recent auctions. The rates are pending confirmation.

PAGE 39—2. SLAUGHTER HOUSES—(1) SLAUGHTER HOUSE FEES.

The amount tendered for the Slaughter house for 1939-40 is Rs. 42,775 against Rs. 40,105 in the current year, the increase being Rs. 2,670.

Under "Sale of blood" the auction figure for the next year is Rs. 2,675 against Rs. 1,005 in the current year, the increase being Rs. 1,670.

PAGE—41—3. CART STANDS—CART STAND FEES

There was a fall under this head from Rs. 2,250 to Rs. 1,500 the decrease being Rs. 750.

III. REVENUE ACCOUNT—PAGE 47—PROPERTY TAX

The increased provision against this head is due to the general revision of rented buildings which will be completed in the course of the next year.

The surplus and rent from Settlement accounts are appended to the Budget together with the necessary statements or details, showing the items of works provided for those accounts.

In the Revised Budget Estimates of the current year a sum of Rs. 25,222 has been provided from the Surplus Account with the sanction of the Municipal Commission or the Hon'ble the Resident as detailed against each item in the separate statement appended to the Budget estimates at pages 56 and 57. Even there the closing balance of the Surplus account in the Revised Budget Estimates is Rs. 1,58,594 against the opening balance of Rs. 1,36,722 (Page 55 of the Budget)

In the Budget Estimates of 1939-40 the expenditure provided for from purely Municipal funds is Rs. 10,53,495 against the receipt of Rs. 10,66,423 the balance being Rs. 12,928 which has been transferred to the Surplus Account. The closing balance in the surplus Account in the Budget for 1939-40 will therefore be Rs. 1,71,822. From this balance it is proposed to carry out works to the extent of Rs. 29,180 specified in the separate statement appended to this note. The works are of an urgent nature. They were kept back for want of funds and it is now considered necessary that the work should be carried out during the next year. Four out of the six items which cost more than Rs. 2,000 each require the sanction of the Hon'ble the Resident under Rule 3-A of the Budget Rules. The two items costing less than Rs. 2,000 can be sanctioned by the Municipal Commission. The closing balance in the surplus Account will still be Rs. 1,42,342 that is, Rs. 67,342 in excess of the minimum balance of Rs. 75,000 fixed in Rule 3-A of the Budget Rules contained in the Hon'ble the Resident's notification No. 68 dated the 2nd June 1938

The provisions under Public Health in the Budget Estimate of the next year including capital expenditure are in excess of the provisions in the Revised Budget Estimate of the current year by nearly Rs. 12,000 and the actuals of 1937-38 by Rs. 17,650. This is due to increased provision for Sewage Scheme, silt carts, sanitary carts, vaccines, special staff for seizure of articles exposed for sale on the roadside etc.

Sir,

I am directed to refer to your letter No.1253/39, dated the 9th March 1939, and to convey the Hon'ble the Resident's sanction to the Municipal Commission's budget for 1939-40, subject to the modifications noted below -

(i) Pages 8, 9 and 51 of the budget - Receipts & expenditure from the Road Fund

The revised estimates for 1938-39 should show the amounts actually ^{or expected to be received} received, and the expenditure actually ^{or expected to be incurred} incurred in that year. Similarly, the budget estimates for 1939-40 should show the amounts expected to be received and spent in that year. The figures should therefore be revised as follows:-

(ii) Pages 16, 17, 49 and 51 of the budget - Maintenance of (1) 14 Municipal Schools started under the Five-Year programme and (2) Six old Municipal Girls' Schools.

The grants paid by Government in 1938-39 were Rs. 30,473/- under (1) and Rs. 14,217/- under (2), calculated as follows:-

(1) Estimated cost of maintenance of the 14 Schools.	Rs. 33,365/-
<u>Deduct</u> probable savings in expenditure.	.. -1,000/-
	32,365/-
<u>Deduct</u> Grant paid in excess of the actual expenditure during 1937-38.	.. 1,892/-

Net grant.	30,473/-

(2) Estimated cost of maintenance of the 6 Girls' Schools.	15,861/-
<u>Deduct</u> probable savings in expenditure.	.. - 500/-
	15,361/-
<u>Deduct</u> Grant paid in excess of the actual expenditure during 1937-38.	.. 1,144/-

Net grant.	14,217/-

Appropriations from Endowments and Contributions Account and Government Grants Account should be modified accordingly, and necessary alterations made on the expenditure side.

(iii) It is understood that a sum of Rs. 24,008/- is outstanding under 'advances' representing the cost of meters purchased in 1933-34, which

was intended to be met from the accumulated Reserve Deposit Fund transferred by the Military to the Municipality. As the transfer of this Fund was completed in 1937-38, the amount outstanding under 'advances' should have been finally charged to Municipal revenues in that year. The adjustment should now be given effect to in the accounts for 1939-40. A sum of Rs.24,000/- may accordingly be provided in the budget for 1939-40 under 'Purchase of meters'
